

DroneGuard™ Kit

Above and Beyond

If you fly a quadcopter drone to capture video footage, you need to organize all the pieces and parts. And carry them without a hassle! Now Lowepro unveils the ultimate grab-and-go carry system: the DroneGuard Kit. Super organized. Highly portable. Truly modular. Very protective.

The DroneGuard Kit is an inventive system of dividers that helps manage all gear. It's designed to complement the X-shape of enthusiast-style models and safely organize all accessories. Unique and highly functional, this kit goes beyond the “pick-and-pluck” systems of the competition and offers users a perfect, out-of-the-box solution.

- Keep all parts of a drone kit **organized**, neat and within easy reach.
- Carry your kit with ease with this lightweight and **portable** solution.
- The **modular** design may be configured for multiple uses and scenarios.
- **Protective** and supporting dividers keep all parts tightly arranged.
